EXPERIENCE

weDevs, Dhaka — Software Engineer

December 2021 - PRESENT

Contributed to microservice projects, Appsero and weMail, utilizing Laravel, Vue.js, and Node.js. Developed and enhanced features for both projects, ensuring seamless functionalities and user experiences.

Alesha Tech Limited, Dhaka — Web Application Developer

April 2021 - November 2021

Developed features, collaborated on seamless interfaces, ensuring impactful web applications. Contributed to the entire development lifecycle.

Freelance Web Developer

January 2018 - March 2021

During this period, I operated as a freelance web developer, delivering specialized web development services under contract. Focused expertise in Laravel and Vue.js, ensuring tailored solutions for clients.

EDUCATION

National University, Dhaka — Masters in Zoology (Fisheries)

January 2013 - June 2014

Completed a Master's degree from Gov't Titumir College under the National University, acquiring comprehensive knowledge of fisheries and zoology, with a specific focus on aquatic ecosystems, fish biology, and conservation practices.

National University, Dhaka — B.Sc. (Honors) in Zoology

January 2008 - December 2012

Completed an honors degree from Gov't Titumir College under the National University, acquiring comprehensive knowledge of zoology and conservation practices.

SKILLS

Python, PHP, JavaScript, TypeScript, Tailwind CSS, Laravel, Node.js, WordPress, Vue.js, React, MySQL, PostgreSQL, DynamoDB, Google Datastore, GCP, MongoDB, Redis, AWS, Docker and Git.

PROJECTS

Appsero — SaaS Product

Developed and integrated features for a microservice-based app, ensuring quality through rigorous testing. Collaborated seamlessly with a team to achieve smooth integration of different microservices.

weMail — SaaS Product

Integrated campaign and automation features in a microservice-based app, ensuring quality through rigorous testing. Collaborated seamlessly with a team for smooth integration of various microservices.

LANGUAGES

Proficient in Bangla (native) and English (fluent) languages.
